✉ My summer holiday

Hi there,

I spent my summer holiday with my wife Verena on a beautiful island called Amrum in the north of Germany. We often went for walks along the white and lonely beaches. The weather was often very windy and cold but after a long walk and a nice cup of tea we were warm again. The food was very good and I often had fish in the local restaurants. Verena doesn't eat fish or meat but she always found something nice on the menu. We didn't do any sports but we read books and relaxed in the hotel sauna. We had a wonderful time on the island. Why don't you go there, too!
